- Click configure , select Form Layout.

The screenshot shows the ServiceNow interface for configuring a form titled "Employee Test". The top navigation bar includes the ServiceNow logo, tabs for "All", "Favorites", "History", and "Workspaces", and a search bar. The main header area displays "Employee Test - Create Created" with a star icon. Below this, a dropdown menu for "Employee Test" is open, showing options: "Save", "Configure", "Export", "Create Favorite", "Copy URL", "Copy sys_id", and "Reload form". The "Configure" option is selected, opening a sub-menu with the following items: "Form Builder", "Form Design", "Form Layout", "Related Lists", "All", "Table", "Security Rules", "Business Rules", "Client Scripts", "UI Policies", "Data Policies", "UI Actions", "Notifications", and "Dictionary". The "Form Layout" option is highlighted in green. The main content area shows a form with several empty input fields. A "Submit" button is visible in the bottom left corner.

Conditions

Access Control Rules have two decision types, and these types will behave differently depending on conditions.

1. Allow Access: Allows access to a resource if all conditions are met. Additional ACLs may grant access to records where this ACL has not granted access.
2. Deny Access: Denies access to a resource unless all conditions are met. Additional ACLs may not grant access to records where this ACL has denied access.
